

## Student Netbook Accidental Damage Program

I \_\_\_\_\_ would like to enroll my student's netbook in the accidental protection program for the 2011-2012 school year. The yearly cost of this program is \$50. This will provide no charge replacement of my student's school issued computer for all types of accidental loss or damage. This includes, theft, drops and falls, and liquid damage that are of an accidental nature. This program does not cover intentional damage or loss. What constitutes intentional or accidental damage will be at the sole discretion of the Cape Fear Academy technology department. Any loss will be assumed to be unintentional unless evidence or information is available to the contrary.

I \_\_\_\_\_ decline the accidental damage coverage and I understand that the replacement cost of the school issued netbook due to loss or damage is \$300.

**Parent or Guardian Signature      Printed Name      Student name      Date**

---

Please submit a check for \$50 made out to Cape Fear Academy to the business office or technology department along with this form before Aug 19th 2011. Please contact Brent Stimmel at 910-791-0287 x3402 with any questions.
